The Guidelines for the procedure for granting plant breeders' right and payment of annual fees for a breeder's right

1. Procedure for protection of the plant breeders' right is regulated by “Law on Protection of plant breeders' right” (“Official Gazette of the Republic of Serbia”, No 41/2009 and 88/2011.)

Application for granting of the plant breeders' right (hereinafter: Application) is submitted to the administrative office, Omladinskih Brigada 1 (SIV 3), the Ministry of Agriculture, Forestry and Water Management, Plant Protection Directorate.

Applications are submitted to the administrative office from 7:30-15:30 h or by post to the above mentioned address.

With the application following documents shall be attached:

- 1) Completed technical questionnaire- fill in the appropriate form
- 2) Confidential part of the technical questionnaire- fill in the appropriate form only for parental lines of hybrid varieties
- 3) Authorization to the representative (on the existing form)
- 4) Documents proving ownership of the variety (only if item 6 in application is completed)
- 5) Proposed variety denomination (on the existing form);
- 6) Certified copies of documents filled with the first application, in the case of claiming the right of priority (Article 18 of the Law on PBR) and official certified translation of this document;
- 7) Proof of payment of administrative fees in the amount of 870.00 dinars to the account number: 840-742221843-57 , reference number 97, three-digit number (depending on the municipality of paying) as [attachement in PDF format](#), payments in benefit of the budget of the Republic of Serbia, with a note: for protection of the plant breeders' right (state the name of the variety)
- 8) Photographs (in case of fruit and ornamental varieties);

The Application which is duly filed shall be entered into the Register of Applications for Plant breeders' Rights and published in electronic form. (www.uzb.minpolj.gov.rs)

If it is found during the process of examination of an application that the variety is new and has a proper name, the Ministry performs variety testing (DUS test). Also, the Ministry may accept the results of DUS testing obtained in the Member State of UPOV.

Decision on granting breeder's right provides for the right that is prescribed in Chapter 4, Article 25, 26, 27 and 28 of the Law on PBR. The variety, protected by the Law on the protection of plant breeder's right shall enter in the Register of Protected Plant Varieties (www.uzb.minpolj.gov.rs).

2. Charging of annual fee for each year for plant breeder's right is set out by the Decision on annual fees for the conduct of the technical examination and annual fee for the breeder's right („Official Gazette RS“ No 98/13 of 8, November 2013).
